BINANCE VISION DATASET TERMS

Version: 1.0

Last Updated: August 26, 2026

1. INTRODUCTION

1.1. These terms and conditions apply to your use of and access to the Datasets (as defined below) provided by Binance (these "**Vision Dataset Terms**").

1.2. These Vision Dataset Terms are supplemental to, form part of and are subject to the Binance Terms of Use (as updated and amended from time to time, the "**Terms of Use**"). Capitalised terms used in these Vision Dataset Terms but not defined shall have the same meaning as in the Terms of Use.

1.3. The ADGM Binance Entity providing the Datasets is NEST EXCHANGE LIMITED, a Recognised Investment Exchange regulated by the Financial Services Regulatory Authority of the Abu Dhabi Global Market, with a registered address Addax Tower, Office 4606, Al Reem Island, Abu Dhabi, UAE (hereinafter referred to as "**Binance**", "**we**", "**our**", "**us**").

1.4. If you access or use (or attempt to access or use) the Datasets, you will be deemed to have agreed to these Vision Dataset Terms and the Terms of Use. Binance may amend these Vision Dataset Terms in its sole and absolute discretion at any time, with or without further notice to you. Any amendment applies prospectively to Datasets made available after the amendment takes effect and does not affect your rights to Datasets already downloaded under the terms in effect at the time of download.

1.5. In the event of any conflict or inconsistency between these Vision Dataset Terms and the Binance Terms of Use, these Vision Dataset Terms shall prevail with respect to the services contemplated hereunder, unless expressly stated otherwise.

2. DESCRIPTION AND SCOPE

2.1. Binance publishes historical market data, order book metrics, trade flow logs, and related indicators (the "**Datasets**") made available through data.binance.vision and associated endpoints.

2.2. The Datasets comprise public digital asset trading records, machine-readable archives, and analytical time-series files.

2.3. Binance grants any individual or legal entity ("**you**" or "**your**") access to the Datasets free of charge subject to the terms set forth in these Vision Dataset Terms.

2.4. Use of any data derived from, calculated with, or extracted from the Datasets (including charts, models, and derivative analytical indicators) is strictly governed by these Vision Dataset Terms.

3. NON-COMMERCIAL LICENSE GRANT

3.1. Datasets are provided to you under the Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International Public License ("**CC BY-NC-SA 4.0**"), incorporated herein by reference, except where specifically designated otherwise.

3.2. You agree to be fully bound by the terms of CC BY-NC-SA 4.0 and these Vision Dataset Terms upon downloading, caching, querying, or otherwise utilizing the Datasets.

3.3. In the event of any conflict between the CC BY-NC-SA 4.0 license and these Vision Dataset Terms, these Vision Dataset Terms shall be additional to and shall not restrict any rights granted to you under the CC BY-NC-SA 4.0 license. Where both impose obligations on you, the stricter obligation shall apply. Nothing in these Vision Dataset Terms shall override or limit any rights granted to you under the CC BY-NC-SA 4.0 license in respect of Datasets already downloaded.

3.4. Commercial licensing is strictly excluded under this agreement; any commercial utilization requires a separate, written enterprise data license agreement executed with Binance.

4. SCOPE OF NON-COMMERCIAL USE AND EXPRESS PROHIBITIONS

4.1. Permitted non-commercial uses are limited to academic research, non-monetized open educational projects, algorithmic historical backtesting for purely personal non-production research, and non-commercial open-source data science evaluations.

4.2. You shall not use the Datasets for live proprietary trading execution, automated commercial order generation, or signal distribution to third parties for direct or indirect compensation.

4.3. You shall not license, sub-license, sell, rent, lease, host, or commercially exploit the Datasets or any derivative real-time or historical data feeds.

4.4. You shall not integrate the Datasets into commercial financial products, hedge fund management tools, paid subscription newsletters, or commercial trading bot platforms.

4.5. You shall ensure that any redistributed derivative work based on the Datasets provides appropriate attribution to Binance Vision and remains licensed under the identical CC BY-NC-SA 4.0 terms.

5. THIRD-PARTY DATA, NODE FEEDS AND SYSTEM INTEGRATIONS

5.1. Certain indicators, chain data, and market metrics may incorporate data originating from independent third-party sources or decentralized nodes.

5.2. Third-party data may be subject to separate proprietary rights or specific restrictions from original data providers.

5.3. Binance reserves the right to modify, redact, or discontinue access to any specific market pair, dataset, or endpoint at any time without prior notice.

6. FINANCIAL REGULATORY AND MARKET DATA DISCLAIMER

6.1. Datasets are provided exclusively for computational, educational, and research purposes.

6.2. Nothing contained in the Datasets, documentation, or associated repositories constitutes financial, investment, legal, tax, or trading advice.

6.3. Binance does not solicit, recommend, or endorse the buying, selling, holding, or staking of any digital asset, security, commodity, or derivative.

6.4. You assume complete and unshared responsibility for all trading, investment, or technological decisions derived from Your use of the Datasets.

7. TECHNICAL COMPLIANCE AND ACCEPTABLE ACCESS

7.1. You agree to strictly abide by all posted rate limits, automated script guidelines, and download protocols established on the Binance Vision repository and API base endpoints.

7.2. You shall not deploy scraping routines, scripts, or continuous automated queries designed to circumvent rate restrictions or impair platform hosting operations.

7.3. Binance reserves the right to ban IP addresses, revoke access keys, or throttle bandwidth for any breach of technical access thresholds.

8. INTELLECTUAL PROPERTY, TRADEMARKS AND NO ASSOCIATION

8.1. All trademarks, service marks, logos, brand assets, and platform designators remain the exclusive intellectual property of Binance.

8.2. You may not publicly represent or imply that Binance sponsors, endorses, approves, or partners with your project, company, paper, or software tool without prior written consent.

8.3. You shall not use the name "Binance," "Binance Vision," or any associated trade dress to market commercial applications, trading signals, or consumer-facing software.

9. PRIVACY AND DATA PROTECTION COMPLIANCE

9.1. Processing of personal data associated with account access or website interactions conforms to applicable data protection legislation, including the ADGM Data Protection Regulations 2021 (as the primary framework applicable to the ADGM Binance Entities), and where applicable, Singapore's Personal Data Protection Act (PDPA) and the EU/UK General Data Protection Regulation (GDPR).

9.2. Datasets do not contain personal data of retail users; You agree not to attempt de-anonymization or reverse-engineering of transaction identifiers to isolate individual natural persons.

10. DISCLAIMER OF WARRANTIES

10.1. The Datasets and associated platforms are provided on an “as is” and “as available” basis, without warranties of any kind, either express, implied, statutory or otherwise.

10.2. Binance expressly disclaims all implied warranties, including warranties of merchantability, fitness for a particular purpose, title, accuracy and non-infringement.

10.3. Binance does not warrant that the Datasets will be error-free, uninterrupted, complete, timely or capable of producing any specific financial outcome.

11. LIMITATION OF LIABILITY AND INDEMNIFICATION

11.1. In no event shall Binance, Binance Affiliates or or their respective officers, directors, employees or agents be liable for any direct, indirect, incidental, special, punitive or consequential damages arising from your access to or reliance upon the Datasets.

11.2. Binance disclaims all liability for trading losses, capital impairment, lost profits, system failures or data corruption.

11.3. To the fullest extent permitted by Applicable Law, you irrevocably agree and undertake that you will indemnify, defend, and hold harmless Binance and Binance Affiliates from and against any third-party claims, regulatory enforcement actions, liabilities, or expenses arising out of or resulting from your access or use of the Datasets, your unauthorized or unlawful use of the Datasets and your violation of these Vision Dataset Terms.

11.4 For the avoidance of doubt, this clause 11 is additional to any provisions on limitation of liability and indemnity in the Terms of Use.

12. DISPUTES, GOVERNING LAW, JURISDICTION AND ARBITRATION

The clauses relating to Notice of claim - Negotiation, then Arbitration; Agreement to arbitrate; Governing law; and Class action waiver of the Terms of Use shall apply to any disputes or claims relating to, arising out of or in connection with these Vision Dataset Terms, including your assent to these Vision Dataset Terms.

13. TRANSLATIONS

This document may have been translated and published in different languages. In the event of any inconsistency, misstatements, omissions, or errors appearing in any translated version, the English version shall prevail.
